LATEST NEWS OF TWENTY-NINE IN CLASS "A". BOARD ON TUESDAY

Medical Examinations of Men Made by Special Arrangement—Applicants Mostly Clerks in Banks and Other Financial Houses—Major Hislop Expects to Handle Fifty a Day, For Three Days a Week.

Although medical examinations for Edmonton single men of twenty and thirty-four years of age do not start officially until nine o'clock Monday morning at the Alberta Daughters' armory, eighty men have already been examined by the Mobilization Medical Board, and passed upon the basis of their physical condition and financial resources.

Of the eighty, fifty-nine were declared medically unfit for Class (which means men suited to the firing line), while the other twenty-one are medically qualified for active service in Class A. A number of those declared unfit had already endeavored to enlist, but were turned down. Those who are qualified may seek exemption on other grounds if they so desire.

The work of examination in this city will be conducted by the Mobilization Medical Board, which is made up of Major Hislop, Dr. Gillespie, Dr. Scanlon and Dr. Quessell. There will also be a traveling board to be constituted later.

Begin Monday Morning.
The examination work will begin in earnest on Monday morning at nine o'clock in the Alberta Daughters' armory, Victoria avenue and 6th street. Examinations will continue on Monday, Wednesday and Friday of each week from nine till twelve o'clock, until further notice. Those who present themselves will be classified by the medical board of the authorities, and will then be allowed to return to their homes to await further notice. Each applicant will get a duplicate copy of the findings of the board for the information of the exemption board.

Men Already Rejected Asked to Report Tuesday and Thursday McLeod Block

Men who have already been discharged from local units on account of being physically unfit, and who have received rejection certificates from the Mobilization Medical Board, are requested to report to the mobilization board on Tuesday and Thursday at the McLeod block, 117-119 McLeod building, between 11th and 12th streets, at 10 o'clock. The board will then re-examine them and if they are found to be physically fit, they will be allowed to re-enlist in the army.

Fifty Men a Day Handled.
It is expected that about fifty men will be handled daily by the board. The board will also handle a number of men who are rejected by the board on the basis of being physically unfit, and who have received rejection certificates from the Mobilization Medical Board.

No announcement has yet been made by the board as to whether the board will be allowed to handle a number of men who are rejected by the board on the basis of being physically unfit, and who have received rejection certificates from the Mobilization Medical Board.

Would Have 200 November 1.
Thus, if the proclamation were issued on October 1, the men would be called up on November 1. The board will then re-examine them and if they are found to be physically fit, they will be allowed to re-enlist in the army.

Rejection certificates will be issued by the board on the basis of being physically unfit, and who have received rejection certificates from the Mobilization Medical Board.

GOLD STRIKE DRAWING STAKERS

SON, Y. T., Sept. 30.--The new strike on Kitchener and Mayrecks, tributaries of Wig Creek, southeast of Briskirk, are at 1,000 ft. drawing stakers. Several miles of

has been staked on each creek. Rupert Creek is reported to be among the best values, two to four dollars per pan for four miles or more. There have yet been surveys to be made. It is expected that the values and prospects will be determined later.

CE RUPERT, B. C., Sept. 30. Thompson, fuel controller of Columbia, arrived here yesterday immediately for Hazelton, return here on Monday and investigation of the fuel situation. The price of coal here is \$12.50 a rate which has caused the officials to consider the establishment of a municipal coal yard. About

Illustrating incidents in his daily work.

1. He points the way to success for the young man.

2. He stops the city man and persuades him to think of his real object in life.

3. Under the evening lamp he urges the farmer to protect his home.

4. He pays a Widow's claim and finds the money is safely insured.

5. When public opinion is called for he finds his abilities in demand by the community.

The Canada Life Man comes into close touch with the people.

He is known to be honest and sincere, with a true appreciation of his mission,—which is to relieve distress and point the way to thrift and prudence in the affairs of men generally.

The Confidential Man

He knows when the average man is prosperous and also when he is not, because he tells the Canada Life Man the story of his progress. The Canada Life representative in fact becomes the confidential man of the community.

To the Canada Life Man everything speaks of the need for insurance.

Finding this need all around him he tries to fit the plan of insurance to the individual need; just as the experienced lawyer is expected to give the best advice to his client or the physician the best course of treatment to his patient.

His sympathy and advice are indeed very important factors in his success.

Trained for Special Service

He is trained for this service through the "Canada Life Course of Life Insurance."

He visits factories, offices and homes, pressing forward his mission, arranging interviews for his clients with the medical examiner, discussing questions of health and finance, pointing the way of satisfaction and progress to everyone he meets.

The day ends before he is ready to give up his interesting work, but he has caused many a man to stop and think,—he has helped widows in need, and impressed upon all those he has met the importance of economy in their affairs and the need of protection for those under their care.

Will you, in the spirit of the above, discuss with the Canada Life Man, or correspond with the head office of the Company, freely and fully as to your need for protection,—your desire to save?

Thrift, always a virtue, is now a patriotic duty. Take stock of your affairs; adopt the best method of caring for your obligations; find out how to plan your estate.

In other words, consult an old, tried Company, with abundant evidence of success; experienced in life insurance, paying large dividends to policyholders, and safely and sanely managing its business.
